s

Full Stack Web Developer

Full-stack web developer leveraging a background in management to design web applications through diligent research and great attention to detail. Recently acquired a certificate in full stack web development from Michigan State University. Skills include JavaScript, React, Node, CSS, NoSQL, PHP, MySQL. Strengths include creative thinking, adaptability, and taking initiative to learn the newest technologies. I recently collaborated with a team to create an Ecommerce web application. Excited to collaborate with a team to over-deliver on client expectations.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, JSON
Applications: GitHub, Heroku, AWS, Firebase, Hostinger, Cloudinary, GitBash, .
